

**Innovate for a sustainable world...  
...and go back with the bike of  
your dreams!**

**Register  
before  
July 31**

With the Ecological transformation trophies, Veolia rewards the most innovative thesis of final-years students.

## WHO CAN PARTICIPATE TO THE ECOLOGICAL TRANSFORMATION TROPHIES?

Final year students graduating from universities, engineering or business schools can present their thesis to a jury of professionals.

The topic of the work must be related to the Group's businesses (waste, water and energy management) or be relevant to any of the departments of a major corporation (procurement, communication, finance, IT, engineering, legal, quality, marketing, human resources, strategy, sustainable development, etc.).

## WHAT ARE THE PRIZES?

Each winners selected by the jury will win:

The electric (or mechanical) bike of their choice selected within the network of partner stores of our operator Zenride, participation up to € 2,200 for a bike and its equipment (safety lock, helmet, satchel, rain suit...).

As part of Veolia's commitment to supporting higher education, the educational institutions where the winners are issued will receive a € 3,000 grant.
